CHANGE OF SENTIMENT IN FAVOR

tention of the Cabinet.

THE JETTY CONTRACT AND CAPT.

EADS' DESIRED MODIFI-

A CHAPTER OF MEXICAN HORRORS

IN TEXAS.

WASHINGTON, D. C., May 8.—The Boston

Post which is not only on organ of what

may be called the most conservative Demo-

cracy, but which also has peculiar relations

with the mounted men of New England and

the East, uses the following language in its

issue of the 4th. "The proposition to in-

vestigate the electoral frauds in Florida is

eminently proper. The threat of the Re-

publican investigation to other states is neither

here nor there. The one point to be consid-

ered is this, that officers of elections in Florida

have confessed to the criminal alteration of

returns, which crime caused the declaration

of Hayes' election. Certainly such a con-

fession in so grave a matter needs to be con-

firmed or contradicted. It is impossible to

see how a Congress having any regard for

the liberties of the people or the security of

our institutions could refuse to take cogniz-

ance of such a matter and trace out its

foundation. It is a case in which partis-

anship is not to be considered, but the honor

of the nation." Because of its character,

given above, the utterances of the Post are

entitled to great weight. What it says goes

for to show that appropriate action by Con-

gress on the subject of Hayes' title will not

interfere with the general business. There

has been no decent argument against in-

vestigation, but this. Our advisers are that

Eastern Democrats are a unit for investiga-

tion.

The probabilities of war with Mexico

have been revived to fill so far as they can

the vacuum left by the subsidence of the

Florida confession business. The latest ad-

vice from our Southern border, may be

briefly summed up as follows: Gen. Mc-

Dowell has advised the War Department

that Mexicans and Indians from Sonora

have been raiding in Arizona and were

bordered by his troops and were there

warned by the Mexican authorities that they

would be treated as invaders if they crossed

into Mexican territory. McDowell has

asked instructions and they have been sent

him to the effect that these raids must be

suppressed, and citing the orders given Gen.

Ord a year ago which apply to the whole

Mexican frontier. These substantially com-

mand Ord to pursue the raiders into Mexi-

can territory if necessary to recapture their

plunder and punish, by dispersion or other-

THE TARIFF BILL.

The House listened to Mr. Pegan for an

hour on regulation of inter-State commerce

to-day, and then took up the tariff bill. The

motion to limit debate to two hours was

defeated by a large majority, and in course

of the discussion Mr. Kelly, of Pennsylv-

ania, intimated that his colleague, Mr.

O'Neil, who was trying to choke off debate,

was a blackguard. Mr. Tucker, of Vir-

ginia, made a very able speech in favor of

a tariff for revenue only, and was warmly

congratulated by Democratic members.

MEXICAN MATTERS.

The joint resolution introduced by Mr.

Morgan in the Senate is a preliminary

scheme for a railroad across the border to

the City of Mexico, for which supporters

are being enlisted among Congressmen.

There is considerable interest in this scheme,

which promises to grow in strength. A

large subsidy will be asked for this inter-

national railroad.

WASHINGTON, May 8.—Mr. Schleicher,

of Texas, has received from a responsible citi-

of Corpus Christi the following letter, dated

April 25, 1878, in relation to the recent

outrages by Mexicans in that State:

"Ere this you have heard of the terrible

outrages and murders committed by Mexi-

cans in Indian garb, in Webb, Duval and

surrounding counties. Now, as you know

me to be just to all, and that I have lived

through all of the troubles of the frontier,

you know that what I will say is so. To

commence, I have never seen such a whole-

sale slaughter. They took little boys, from

seven to twelve years old, and two men

on horseback would hold them up by their

hands while a third would take up their

entrails. The men they would shoot and

then take out their entrails. This was

seen by women who were hidden to hide

the bodies in the bush, and we found the

bodies as it was told us, in the manner

stated. The killed amount to about twenty-

five men and fifteen children, from

seven to fourteen years old. This raid was

made to get horses for the Mexican army,
